### Virtual Forum

Coming together for a virtual forum to discuss matters that affect Athletic coaches all over the world. We will discuss why Coaching Matters to the sport of Athletics, and give a platform for the World Athletics Coaching Community to discuss and make recommendations on major issues that impact coaching or on which coaching may have impact.

**“It is into the hands of coaches that athletes are placed to fulfill their purpose in choosing Athletics as their sport and to learn life lessons through the experience.”**

Frank Dick

### Coaching Beyond the Arena

Coaching Beyond the Arena is an opportunity first to discuss how we and our athletes have found different ways to effectively achieve our primary focus of keeping training on track. Then to look at how we are preparing and will prepare athletes to be resilient, to learn and to grow through this unprecedented experience of COVID-19. This, keeping in mind more than ever before, that we remain significant influencers of the physical, mental and emotional health and well-being of those who place their ambitions in our hands.

**“Athletes make excellence happen; Coaches make excellence possible.”**
